Forrest Micke Obedience Seminar

Motivation, Precision Obedience Concepts & Problem Solving

"Forrest is well educated and articulate. He's got a brilliant mind and he's something I find as very rare these days - he's a true student of dog sports. He'll never stop learning, growing, reaching for information. Forrest has a lovely "way" with both people and dogs, and his welcoming approach will help even shy folks to open up when working with him. He has a real desire for teams to succeed."

Linda Koutsky

"Forrest's dog work is INCREDIBLE to say the least. His communication cues are very subtle, the precision and dedication from his dogs is inspiring. I feel there is a lot we can learn from Forrest."

Janice Gunn

Forrest is known for his innovative, relationship-centered training approach and his passionate and personalized teaching style. He's been called inspiring, genuine, motivating, and outside the box.

This upcoming seminar will focus on competitive obedience. Demonstrations will include proper play techniques, heeling games and drills to improve position and attitude. Additional instruction will include concepts for increasing motivation through proper use of food and toy, personalizing training programs for teams, clarifying communication systems, with an underlying emphasis on relationships and team building.
